

Versa-Lite with a twist: Instead of incandescent bulbs, this strip of light incorporates brilliant colored LEDs in clear tubing to create dramatic points of light. LED Lighting provides solid-state construction, extended lamp life, and lower amp draw.

Material: Semi-Rigid
Flexible PVC
UV Stabilized

- ✦ LED colors: red, amber, blue, warm white, white, green and purple
- ✦ Mounting channel in chrome or black with matching end tips
- ✦ PVC tube for weather resistant applications
- ✦ Resistant to vibration and shock
- ✦ 12V, 24V, 28V, and 36V available.
- ✦ UL, CSA and FAA approved
- ✦ Maximum length - 12 ft.

LED Specifications:

LED Type	Color	Color temp/Wavelength	Lumens (3 leds per set)	Amps per set (3 leds per set)
3mm	White	6500-7500 °K	9.47/set	0.02 amps/set
3mm	Wm.White	2900-3200 °K	8.47/set	0.02 amps/set
3mm	Blue	470nm	1.18/set	0.02 amps/set
3mm	Purple	460nm		0.02 amps/set
3mm	Green	525nm	4.94/set	0.02 amps/set
3mm	Red	630nm	2.02/set	0.02 amps/set
3mm	Amber	591nm	4.27/set	0.02 amps/set
